**AQUAXYL™** moisturizes and protects the scalp. (Xylitylglycoside and Anhydroxylytol and Xylitol)

**SEA LAVENDER HC**, extract from the sea stative, protects hair from static electricity and improves its manageability and styling. (Aqua / Water and Butylene Glycol and Limonium Gerberi Extract)

**SEPICAP™ MP** acts as a thermo active multiprotector for stressed, sun-damaged, blow-dried, pollution-exposed and/or chemical treated hair. (Sodium Cocoyl Amino Acids and Potassium Dimethicone PEG-7 Panthenyl Phosphate) Biovector of amino acids and panthenol. **SEPICAP™ MP** is a powerful nutritive cocktail for hair that helps to fight the harmful effects of oxidative stress.
