C	SEPINOV™ EMT 10 (Hydroxyethyl Acrylate / Sodium Acryloyldimethyl Taurate Copolymer)	Seppic	1.00%
D	Preservatives (Phenoxyethanol, Ethylhexylglycerin)	Schulke	1.00%
E	Water (Aqua) CERAMOSIDES™ HP (Glycosphingolipids, glycolipids)	Seppic	5.00% 0.20%
F	Fragrance	Givaudan	0.30%

Aspect : Bright Smooth Cream

pH: 5.58/ **VISCOSITIES: D7 at RT**: 77,171 cps Brookfield LVT 96 @6 rpm.

FORMULATION ADVICES: For 300g batch

Heat phase A and phase B to 85°C separately. Then while maintaining temperature at 85°C, disperse phase C into Phase B and mix well. Combine phase A and (B+C) together and homogenize for 4 minutes at 4,000 rpm. Add phase D during homogenization. Begin cooling down while mixing with an anchor propeller at 75-100 rpm. At 50°C add premixed of phase E, then at 35°C add phase F. Continue cooling to ambient temperature.

All information contained herein is intended merely to demonstrate the utility of Seppic products, and should not be construed as granting license to practice any compositions or methods covered by a patent or a patent application or efficacy or tolerance. All information contained in this specific technical documentation is believed to be accurate and has been set up by Seppic according to its own described methods and processes. Seppic however does not assume any liability or risks involved in the use of its products for the preparation and the assessment of the hereinabove formulation since the condition of use are beyond its control. Seppic customer must insure that the duplication of the hereinabove formulation is not infringing any intellectual property rights and that it complies with any regulatory status. Formula only for demonstration purposes. Seppic has not tested efficacy, toxicology and safety of this formulation if not mention.

HIGHLIGHT:

SEPINOV™ EMT 10 thickens and stabilizes the emulsion while providing freshness and satiny skin feel.

MONTANOV™ 202 natural emulsifier promoting liquid crystals for skin moisturization while reducing skin roughness.

EMOGREEN™ L19 green emollient restoring the skin barrier of very dry skins, for skin comfort and softness while providing a fresh and gliding touch with a powdery afterfeel.

AQUAXYL™ & CERAMOSIDES™ HP a duo that moisturize and restructure the skin.

Use on face and body.
