With WESOURCE

Clear yellow solution / Packaging: Dropper

pH: n/a / **VISCOSITIES: 1M at RT:** water thin
Recovery at RT (after 1M at 45°C): water thin
STABILITY: 3M at RT, 45°C, 3 F/T cycles -5°C/+40°C.

FORMULATION ADVICES: Laboratory scale - 300g batch - Deflocculator
Add ingredients all together and put under mixer with 3 prong blade. Mix for ~10 minutes.

Use this multi-purpose soft nourishing oil in hair & scalp mask, pre-shampoo, or mixed with water in a spray to hydrate and refresh the curls!

Can be used on hair, scalp or even cuticles!

EMOGREEN™ L15 a natural alternative to silicones for a dry and soft feeling (C15-19 Alkane (Plant-based & Renewable))

A non polar and biodegradable, plant-based emollient with a lightweight and non-greasy feel. It increases **shine**, closes the cuticles to **repair damaged hair, protects from heat damage** and strengthens the hair to **reduce breakage, ease combing**. Tested in rinse-off and leave-on!

DUB APRIOLOSE*: a multifunctional ester ideal to coat and nourish textured hair shaft (Apricot kernel oil polyglyceryl-4 esters)

A non ionic, plant-derived ester from Apricot kernel oil, rich in omega 9 and vit E. It nourishes and protects the hair, while providing **emolliency and co-emulsifying** benefits. Facilitates the mix with water in "at-home" sprays, and ideal in pre-shampoo.

Organic Virgin Argan Oil** provides elasticity and shine (Argania Spinosa Oil)

The argan oil is rich in tocopherols (Vitamin E), antioxidants and essential fatty acids to protect and restore hair shine.

Organic Deodorized Coconut Oil** has superior affinity with hair proteins, for superior moisturization and reparation (Cocos Nucifera Oil)

A very stable oil against oxidation and semi-solid at room temperature. Very unique in its fatty acid composition, it contains high amount of medium-chain fatty acids (lauric acid) for a great affinity with hair proteins. It's also commonly known to provide **hair growth and antimicrobial benefits**.

Organic Virgin Avocado Oil** penetrates the hair shaft and moisturizes the hair (Persea Gratissima Oil)

Contains up to 11% of unsaponifiable matter, one of the highest concentration for a vegetable oil. Rich in oleic acid, it's ideal for extra hydration.

INULA HC renews the hair protective lipidic barrier (Caprylic / Capric Triglyceride (and) Inula Crithmoides Flower / Leaf Extract)

Oily extract from "the Golden Samphire", Inula HC stimulates the renewal of the **protective lipidic barrier of dry scalp and hair**. Its antioxidant properties prevent cell & hair fiber damages while its energizing effects keep the scalp active. Hair is **shiny and softer**.
